

Spanish 2B Project (Due March 13)

Número _____

Keep this paper as you need to turn it in with your project.

On a poster board (either 20" x 30" or 22" by 28"), glue 5 pictures of 5 different types of animals from pp156-157 of your textbook. Number each animal from 1-5. Label each animal including the correct definite article (el, la, los, las). Near each picture, number 1-4. In Spanish, give the following information in complete sentences and in this order. One, Basic physical description (size, color): Two, where does the animal live (Continent, ecosystem – ex: South America, Mountains)? Three: What does the animal eat? Four: Any other interesting fact (besides the animal's color and size)?
